A. Definition of a Unit of Credit

An hour of work is the equivalent of 50 minutes of classtime (often called a "contact hour") or 60 minutes of independent study work. A minimum of 45 hours of work by each student is required for each unit of credit. Ordinarily, a course must cover a 1-week period for every unit of credit given. During summer sessions, however, 6 units of credit may be given over a 5-week period.
